Steam Auto Picks Up 2½ Hours As Gasoline Car Towed into Buffalo in Race to New York

WAY, WAY BEHIND their elapsed time race schedule, two ancient cars racing from Chicago to New York "take off" down Cleveland's Prospect avenue, hot rodding Manhattanward. In the 1911 Stoddard Dayton (left) is Rube DeLaunty, with Jack Brause at wheel of the "newer" 1913 Stanley Steamer. They're trying to settle the old argument about which is better, steam power or gasoline power. (International)

BUFFALO, N. Y., Sept. 14—(AP)—If he can get enough water Jack Brause expects to win the battle of the ancient autos. The 76-year-old automotive expert chugged into Buffalo in his 1913 Stanley Steamer last night during a driving rainstorm a full 2½ hours ahead of his 70-year-old buddy. Rube de Launty and his 1911 Stoddard-Dayton came in at the end of a tow rope. Quipped Brause: "I can't be at the end of his rope."

It's Timmy's Voice And Not Coming From Coffin Either

NEW YORK, Sept. 14—(AP)—The whole neighborhood around 25th Street and First Avenue was sorry to hear that 67-year-old Tim Murray was dead. Early Tuesday his sister, Mrs. Agnes Lindberg, identified the body of a man—found on the street—as Tim. People were saying nice things about Tim yesterday during a wake at the Lindberg home when doorbell rang. A voice yelled in, "Hi'ya, Ag." Going to the door, Mrs. Lindberg paled. "It's Timmy's voice," she whispered. "It can't be, but it's Timmy's voice." She peered at the gray-haired man. "Timmy, you're dead, aren't you? You're upturn in a casket!" Tim laughed and assured her he wasn't. Police are trying to identify the dead man, who looked enough like Tim to be Tim. Meanwhile Tim, back at his usual corner on the East Side, was busy last night greeting old friends.

Meanderings By Wash Fayette

Police rounded up an opossum which was waddling down North Fayette Street not far from the City Building one night this week. The half-grown animal was the object of much interest about police headquarters and the fire department for several hours. Where the opossum came from, and where he was going, will never be known, but when the police saw him, he was taking his time going along on the sidewalk, at a "possum trot." The 'possum showed his teeth viciously every time anyone approached, but those familiar with the animals knew he was only bluffing, for they rarely bite, and "play 'possum" on the least provocation. When last seen, the pint-sized opossum was huddled in the doorway leading into the City Building from the alley. Apparently he then took off for parts unknown. I'll venture the assertion that there are 50 opossums within the corporate limits of the city. This may seem a little high, but I have not forgotten that a year or so ago a local resident discovered a mother opossum with 10 young, which made their home in his garage.

REDS DRIVEN OFF KOREA HILL

Texas City Sets in Lake After 12.6-inches Rain

ALICE, Tex., Sept. 14—(AP)—Hundreds huddled in hastily converted refugee centers last night while this south Texas town literally "sat in a lake" after 12.6 inches of rain. The torrential downpour began shortly after dawn yesterday and continued for more than 12 hours, forcing hundreds to flee their homes as water ran curb to curb in downtown streets, crept into stores and stood as high as a foot in some houses in low lying areas. Twenty-six trucks and three school buses worked all afternoon and into the night evacuating refugees to the court house, high school gymnasium and First Baptist Church. Still coming for the 21,000 persons of this city was the crest of San Diego Creek, flowing through the heart of the city. It was expected at dawn. Many townspeople felt it would cause greater damage than 1949 when it surged over its banks in a million dollar flood. Approximately one-third of the town was surrounded by flood waters. The Alice Red Cross declared a state of emergency and the National Guard was called to help evacuate persons from their flooded homes.

Condon Campbell Dies After 12-Day Illness

H. Condon Campbell, 43, who rose to a place of prominence in Washington C. H. business and civic life through his own efforts, died at Memorial Hospital at 3 A. M. Friday, 12 days after he was stricken suddenly with a heart ailment.

Campbell, who drove himself with seemingly boundless energy, was a native of Washington C. H. and lived here all of his life with the exception of the nearly four years he spent in the army during the second World War.

It was with the same indomitable spirit that carried him up the business ladder that he battled for his life.

Only he and his wife, Alice, refused to give up hope during the last three or four days of his life. His condition had been considered critical almost from the time he entered the hospital Sept. 2 and was placed under an oxygen tent.

He started making his way in life while still in high school, before his graduation in 1927, when he "covered" sports for the old Daily Herald. Later, when out of school, he joined the newspaper's advertising department.

From there he joined the General Food Corp., as a district salesman. That paved the way for him to go into business for himself—the restaurant business. Soon he owned and operated four here in Washington C. H. All are still going concerns, three under different ownerships and one the B & B back in his hands again.

He disposed of his business interest at the start of the war and entered the service. He earned a commission and was assigned to the quartermaster corps, where he dealt with food and supplies, a line with which he was familiar. By the time he was discharged he had advanced to a captaincy.

After the war, he and his family lived for a time in Big Spring, Tex., but eventually came back here where he got into the grocery business and later a restaurant he once had owned and sold. At the time of his death his interest and energies were centered on his

German Battleship Scuttled in War Raised to Surface

WARSAW, Poland, Sept. 14—(AP)—Polish salvage crews have raised the German battleship Gneisenau, scuttled by fleeing Nazis at the mouth of Gdynia Harbor in 1945, and will get 20,000 tons of high quality steel scrap for use in factory production, newspapers here report.

British planes pounded the Gneisenau and the Scharnhorst in 1942 while they lay in Brest Harbor but they slipped through the channel to Kiel where they were bombed again. The British finally sank the Scharnhorst when it attacked an Allied convoy to Murmansk in 1943 and bombed the Gneisenau later at Gdynia.

Seedless Watermelon Developed at Purdue

LAFAYETTE, Ind., Sept. 14—(AP)—There's a nearly seedless watermelon on the way. Purdue University has developed one with only two or three seeds. Commercial seedsmen will have it next year. It's round and weighs only eight to ten pounds, too—just right for keeping in the refrigerator. Purdue says the quality is high. A chemical called colchicine did the trick by changing the internal structure of the fruit.

Democratic Boss Used Influence For Loan, Claim

Ethics of Officials
In Government Are
Being Investigated

WASHINGTON, Sept. 14—(AP)—A diary-keeping witness told senators today William M. Boyle, Jr., helped arrange an RFC loan for a St. Louis printing firm early in 1949 after three previous loan applications by the company had been turned down.

John E. Toole, an official of the American Lithofold Corporation, offered this sworn testimony today before a Senate subcommittee investigating charges that Boyle, Democratic national chairman, influenced Reconstruction Finance Corporation loans.

Toole, longtime employee of the now-defunct Smaller War Plants Corporation (SWPC) before he joined American Lithofold, said earlier that he's not sure whether he still is in the printing firm's employ.

Boyle has denied he arranged loans for the St. Louis printing firm although he said he did some "legal work" for it before he became Democratic national chairman.

Toole gave his testimony after the subcommittee released denials by Harley Hise and Walter L. Dunham, former RFC directors, that they ever had been influenced by Boyle to make any loans.

Both directors said in closed-door testimony yesterday the RFC did, however, get well-paying jobs on the Board of Directors of some RFC borrowers for persons recommended by Boyle.

Opposed Boyle's Aid
Toole, who took a job with American Lithofold in 1944 after it borrowed \$1,651,000 from the government agency with which he was employed, testified that in 1949 he opposed the firm's enlisting the aid of Boyle.

Boyle at that time was working at Democratic national headquarters but was not national chairman.

Toole said he attended a conference in Boyle's office—presumably at Democratic national headquarters—on Feb. 28, 1949.

With him, Toole said, were James P. Finnegan, since ousted from his federal job as collector of internal revenue at St. Louis; R. J. Blauner, then head of the printing firm; and Cecil Green, Washington representative for the printing firm.

Toole said Boyle picked up the telephone and called Hise, then RFC chairman. Boyle, he said, told Hise on the telephone "some friends of Jim Finnegan in my office" wanted to talk about an RFC loan.

Senator Mundt (R-S.D.) later developed by questions that in less than a week the previously rejected loan was approved by the RFC.

Toole said he had opposed asking Boyle to arrange a meeting with Hise because Toole had worked many years at RFC, knew Hise personally and thought he could get the loan without outside help.

Hise and Dunham both denied talking with Boyle about any RFC loan.

Dewey for Eisenhower; Talks with President

DEWEY REPORTS ON PACIFIC—Reporting on his Pacific reconnaissance mission, Thomas Dewey (right), governor of New York, is greeted in the White House by President Truman, his opponent in the 1948 presidential election. Dewey told Mr. Truman the Pacific is the "critical area" in the struggle against Communist aggression and urged "much closer" United States-East ties. Dewey said politics was not discussed. (International Soundphoto)

WASHINGTON, Sept. 14—(AP)—Gov. Thomas E. Dewey's Republican running mate in the 1944 presidential election suggested today the New Yorker "be more definite" regarding his call for stronger Pacific defenses.

Senator Bricker (R-Ohio), the GOP candidate for vice president

Russian Heat Put on Britain

LONDON, Sept. 14—(AP)—Government officials disclosed today Russia has kept the right to halt grain shipments to Britain unless she can buy empire rubber.

This reservation was written into a new British-Soviet contract for the delivery of 1,000,000 tons of coarse grains to this country in the next 12 months against sterling payments. The deal was announced last night.

The Russians clearly have been upset by the west's embargo on the export of strategic goods and materials to Communist nations. Under American pressure Britain stopped her colonies selling any rubber at all to Red China last April.

Football Player Dies On Chillicothe Field

CHILLICOTHE, Sept. 14—(AP)—Franklin Tyler, 17, of Chillicothe, died yesterday after collapsing on a neighborhood field while playing football. Oxygen was administered at a nearby fire station before the boy was taken to the hospital. He died a short time later from an apparent heart attack.

Dr. N. A. Tillman, Lorain County coroner, said the little girl's mother, Mrs. Ethel McGhee, 31, threw kerosene on a heating stove in the kitchen, causing the blast.

Mrs. McGhee, her husband, Arthur, 36, a Lorain Steel Stamping Co. employee, and their daughter, Dorothy, 13, all were in hospital at Amherst burned critically and given little chance to survive. An eight-month-old son, William, also was burned critically, but was expected to live.

Three other McGhee children—Jimmy, 14; Billy, 11; and Johnny, 9—were in another room when the stove exploded about 7 A. M. and escaped from the house unharmed.

Charles Sapienza, a neighbor, ran from his home a third of a mile away and was the first outsider to reach the scene. Mrs. McGhee lay semi-conscious half out of a window and half inside the burning house. Sapienza carried her clear of the first and climbed through the window to rescue Dorothy who lay on the floor of the blazing kitchen. The father, carrying the baby, managed to make his way outside through the flames.

The rock fight started when the West Berliners tried to tear down one of the street barricades with which the Communists are gradually sealing East Berlin off from the West.

WASHINGTON, Sept. 14—(AP)—President Truman today signed legislation allowing veterans to recover treble damages in cases involving overpayments, or "side payments", on the purchase of homes financed by the government.

The legislation is designed to curb the practice of charging veterans unlisted fees or bonuses when they buy homes. It permits the veteran to sue for recovery of three times the amount of the extra payments or, if the veteran does not sue, the government can seek treble damages.

It's Same Old Story! Kerosene Poured in Stove Fatal to Tw

LORAIN, Sept. 14—(AP)—The familiar tragedy involving kerosene and the kitchen stove happened again this morning, and it took the lives of two little girls and left their parents and an older sister near death.

Sheila McGhee, 5, and her sister, Shirley, 3, died in a fire that destroyed a four-room frame house three miles southwest of nearby Amherst. The bodies of the tots were found under a bed where they apparently crawled in fright after an explosion heard a mile away.

It said the only way the conference can be resumed "on a normal and equal basis" is for the UN command to "put an end at once to the incessant acts of violations of the agreement and deal with the numerous provocations against which our side has lodged protests."

The Communists have claimed numerous air and ground violations of the five-mile neutral zone around Kaesong by the UN Allies. The UN command has admitted only one of them—the strafing early last Monday.

BERLIN, Sept. 14—(AP)—Fifty West Berliners and east zone Communist police threw rocks at each other last night in a brief border fight, West Berlin police said today.

The clash occurred on the border between the French sector borough of Wedding and Soviet East Berlin. It was one of several anti-Communist demonstrations during the night.

The rock fight started when the West Berliners tried to tear down one of the street barricades with which the Communists are gradually sealing East Berlin off from the West.

Fierce Fighting Marks Advance By Americans

Truce Negotiations
Still Loused Up by
Commie Stalling

BY JOHN RANDOLPH
U. S. EIGHTH ARMY HEADQUARTERS, Korea, Sept. 14—(AP)—United Nations doughboys today wrested a towering peak from bitterly resisting Reds north of Yangu as the bloody "battle of the hills" ground on in eastern Korea.

On the other end of the peninsula, six Russian-type T-34 tanks and two self-propelled guns were spotted west of Yonchon. They were immediately attacked by UN artillery, planes and tanks.

An Allied briefing officer said they were dug in, and apparently designed for defensive purposes by the Reds.

In the air war, Allied planes roared through Korean skies on close support missions for the infantry and slashing attacks at Red supply lines.

One marine Corsair fighter was downed by Communist ground fire. The Fifth Air Force said there was no chance of pilot survival. For the first time in six days there were no reports of jet battles.

Ground action was concentrated along the spiny ridges of Korea's eastern front.

The UN foot troops captured a towering mountain peak there after getting reports it was thinly defended.

But die-hard North Koreans repulsed a UN attack on another mountain to the west.

Far to the east, American marines stormed the spiny ridges of the east-central front against bitterly resisting Reds. The Reds stood their ground—and died—rather than surrender.

TRUCE STILL BCGGED
TOKYO, Sept. 14—(AP)—Korean armistice talks remained ruptured for the 23rd day as the UN command and the Communists today awaited answers to their latest notes to each other.

The Allied board of strategy wants the Red reaction to the UN apology for the strafing of the Kaesong Conference site early Monday morning.

The Reds want Gen. Matthew B. Ridgway's reply to their rejection of his suggestion that the truce talks be moved to another site.

Ridgway's headquarters disclosed for the first time today the Communist high command has been adamant in its stand against moving the talks from Kaesong. It told Ridgway his plan was completely unsatisfactory and unacceptable.

It said the only way the conference can be resumed "on a normal and equal basis" is for the UN command to "put an end at once to the incessant acts of violations of the agreement and deal with the numerous provocations against which our side has lodged protests."

The Communists have claimed numerous air and ground violations of the five-mile neutral zone around Kaesong by the UN Allies. The UN command has admitted only one of them—the strafing early last Monday.

New Teachers Honored at Madison Mills

PTA Holds Potluck
Supper; Makes Big
Plans for Year

Four new teachers at Madison Mills School were honored by the PTA at a potluck-meeting, first of the year, held Thursday night at the school house.

Those new teachers introduced to the parents and guests at the meeting included the following: Cynthia Gage, second and third grades; Mrs. Lillian Sommers, third and fourth grades; Kathryn Bower, home economics teacher in the high school, and Charles Lutz, music instructor.

A program of entertainment was presented too. It included: a solo, "Mocking Bird Hill," Ludinda Schlichter; two readings, Mrs. Mary Grimm; acrobatic dance, Barbara King; piano duet, "Calvary March," Mrs. Ethel King, and Mrs. Ethel Wilson.

Members of the program committee were Mrs. Mabel King, Ethel Wilson, Mrs. Howard Hopkins and Mrs. Albert Schmidt.

During the business meeting a new secretary and treasurer were elected. These selections were made necessary due to the resignation of Mrs. Barbara Brakefield as a member of the faculty at Madison Mills school and the former secretary-treasurer of the PTA.

Mrs. Dorothy Giebelhouse was picked as the new secretary, and Mrs. Lena Mowery was picked as the new treasurer.

It was decided to buy serving trays for the cafeteria, and Mrs. Orville Clark, Mrs. Al Swyer and Mrs. Joseph Crawford were picked to the committee.

A committee, consisting of Delmar Mowery, Forrest Fry and John Bryan, was named to improve the ball diamond at Madison Mills school.

A decision was also made for holding a Halloween Carnival and the following persons were named to a committee to set a date for the event and plan it: Mr. and Mrs. Taylor Groff, Mr. and Mrs. Milford Barker, Mr. and Mrs. Orville Clark, Mrs. Carlton Belt and Mr. and Mrs. Lawrence Grimm.

A decision was also made for holding a membership drive, with the elementary teachers to be in charge of it. The teachers will include: Mrs. Francis Neff, Cynthia Gage, Mrs. Lillian Sommers and Mrs. Dorothy Giebelhouse.

Former Resident Dies at Cedarville

Albert Jones, 81, Cedarville farm laborer and former resident of Fayette County, died in Miami Valley Hospital at Dayton. Death was due to a cerebral hemorrhage.

He had spent most of his life in Greene County, and was a son of John and Amanda Worthington Jones.

Survivors include a half-sister, Miss Myrtle Mae Jones, and a half-brother, Sherman Jones, both of Cedarville. Also several nieces and nephews.

Services will be conducted at the Millan Funeral Home in Cedarville, Sunday, at 2 P. M. and burial will be made in the Jamestown Cemetery.

Friends may call at the funeral home Saturday afternoon and evening.

Child's Neck Broken

COLUMBUS, Sept. 14 (AP)—Judith Charlene Jividen, six-month-old daughter of Mr. and Mrs. Glenn Jividen, fell from a davenport yesterday and died of a broken neck. Police said the 18-year-old mother was in the room with the baby.

Mainly About People

Mrs. Flora Draper who has been a patient in University Hospital, Columbus, is now at the home of her daughter Mrs. Homer Smith, 606 North North Street.

Miss Pauline Fountain was released from Memorial Hospital Thursday afternoon and returned to her home in Good Hope after being a patient for observation and treatment.

Mrs. Homer Baker was discharged from Memorial Hospital Thursday afternoon and returned to her home on the Devalon Road. She was a patient for medical treatment.

Gerald Wise of the Booco Road, near Jeffersonville, was taken to the Greene County Memorial Hospital, in Xenia, Thursday afternoon in the Alvin G. Little ambulance. He is a patient for medical treatment.

Joe Wilson, Route 2, this city, who has been a patient in Memorial Hospital for treatment for an injured arm, was released Thursday afternoon. He is a member of the Washington C. H. Blue Lions football team.

Blessed Events

Mr. and Mrs. Noah Silvia, Rt. 2, Mt. Sterling, are the parents of a daughter weighing seven pounds four ounces born in Memorial Hospital at 10:10 P. M. Thursday.

A son, weighing six pounds four and one-half ounces, was born to Mr. and Mrs. Robert Entekin, 706 Clinton Avenue, in Memorial Hospital at 6:25 P. M. Thursday.

Mr. and Mrs. Franklin Williams of the Bush Road are the parents of a seven pound fifteen and one-half ounce daughter born in Memorial Hospital Friday at 8:20 A. M.

Mr. and Mrs. Eugene Cockerill of the Leesburg Road are announcing the birth of a seven pound eleven ounce daughter in Memorial Hospital, Friday at 2:29 A. M.

The ocean contains enormous quantities of plankton made up of microscopic plants and animals and the nutritive value of the animal components is said to be equal to that of the best meat.

Dewey for 'Ike'

(Continued from Page One)
velop a similar program in south-east Asia."

Bricker's request that Dewey be more specific came after the New York governor had reiterated at the capitol he is "all for" Gen. Dwight D. Eisenhower as the 1952 Republican presidential nominee. Dewey, who won the nomination in 1948 as well as four years earlier, has said he will not make another try next year.

Dewey's boosting of Eisenhower came about the same time Mr. Truman was telling his news conference as long as he is president Dean Acheson will be secretary of state. That may be a good while, the president said.

Dewey also bracketed four Republican senators as Eisenhower backers, after a conference with them. He listed them as Senators Duff (Pa.), Ives (N.Y.), Carlson (Kan.) and Saltanall (Mass.).

A terse "yes" was Dewey's reply when newsmen asked whether he believes Eisenhower will be nominated. The general, busy with his job as supreme commander of Atlantic defense forces in Europe, has made no public comment on whether he would be available.

Bricker Keeps Mum
Bricker kept mum regarding Dewey's new plug for Eisenhower. Bricker is regarded as squarely behind his Ohio colleague, Senator Taft, for the 1952 GOP nomination.

Taft has not bid formally for it but an early official move in that direction would take scarcely anyone by surprise.

Dewey and Taft conferred for 15 minutes on the Senate floor.

Grain Market

CHICAGO, Sept. 14 (AP)—Fairly heavy liquidation in the September contracts of soybeans and corn upset most of the grain market today. Wheat proved a steady spot in the otherwise easy market.

September soybeans fell around 5 cents at one time while September corn sank around a cent.

Wheat showed strength at one time on export buying and overnight announcement of an extension in the government's price support program. Toward the close, however, wheat developed a weaker trend in sympathy with the rest of the market.

The Nation Today

By JAMES MARLOW
WASHINGTON, Sept. 14 —(P)—Gen. George C. Marshall, who retired yesterday as secretary of defense, is a towering example of what a man must be prepared to face if he accepts high government office in these times.

There are, of course, some other distinguished examples of this: Dean Acheson, still secretary of state; and Louis Johnson and James Forrestal, both of whom were secretary of defense.

After a long and brilliant military career, Marshall held the two most important jobs in the president's cabinet: secretary of state and secretary of defense. Altogether he has served the country half a century.

He resigned as secretary of state in 1949. Acheson succeeded him—and went into retirement. He was called back by President Truman one year ago yesterday, Sept. 12, 1950, to succeed Johnson as secretary of defense.

And one year ago today this writer, reviewing Marshall's career, noted he and Acheson together had helped shape our policy towards China which the Communists eventually took over.

And in that review a question was raised in the following two paragraphs, a question which was answered in the next 12 months: "For many months now, with the Communists in control of China, Acheson has been condemned by the Republicans for our China policy. Senator McCarthy, Wisconsin Republican, even called him the 'Red Dean.'"

"It seems unlikely that anyone would dare try to put any Red labels on Marshall but . . . Now we'll have to see whether Marshall is going to be criticized along with Acheson on the China policy."

Marshall got some criticism from the start, and more later, but no one went so far as McCarthy who—in a 60,000-word Senate speech on June 15, 1951—called Marshall not only a liar but a "mysterious, powerful" figure in a "great conspiracy" to deliver this country to Communism.

Marshall didn't answer this attack which was pretty widely ignored by Democrats and Republicans alike. But Acheson as secretary of state holds the modern long-range record for criticism while holding high government office.

McCarthy has beat on him from many directions—always following his main theme that the State Department is full of Communists—but he hasn't been alone in his attack on the secretary. His fellow-Republicans in Congress took the extraordinary step of voting no confidence in the secretary.

Acheson, like Marshall, has had practically nothing to say about the attacks on him. But in the past two years his hair has turned white. This may be due to worry about his heavy responsibilities, inner grief because of the attacks on him, or simply because he was growing older.

Louis Johnson, who followed Forrestal as secretary of defense in 1949 but was replaced by Marshall last September, at the president's request, took a broad critical beating, particularly after the Korean war started and this country discovered how unprepared it was for war.

In his letter of resignation Johnson told the president bitter-

ly: "It was inevitable in the conscientious performance of my duties . . . that I would make more enemies than friends. Somewhat ruefully, I now admit, I was right."

But Forrestal was the truly tragic figure. He quit a \$180,000 a year Wall Street job in 1940 to work for the government at \$10,000. He was made the first secretary of defense in 1947. He had the tough job of trying to unify the armed forces. Criticism of him piled up. He resigned in March, 1949 and two months later died in a plunge from a hospital window. Doctors said he was despondent.

Writing on Forrestal's death, Roscoe Drummond in the Christian Science Monitor said Forrestal's case "may well help all Americans to a better understanding—indeed, to a somewhat fuller gratitude—for public officials who make great sacrifices to serve the government and are rewarded in large part by an inverse ratio of abuse and criticism."

Russia's Delegation Is Boed in New York

NEW YORK, Sept. 14—(P)—A crowd of about 400 bood Russia's delegation to the Japanese peace treaty conference in San Francisco as the group arrived at Grand Central Terminal.

A number of epithets were hurled at Andrei A. Gromyko, Soviet deputy foreign minister who headed the 40-member entourage.

Gromyko, when asked for comment on the peace treaty—which was ratified over Russian objections—said, "nothing."

NEW
NATURAL
GAS RANGES
save food 6 ways

• Did you ever figure out how much a new natural gas range could help you in making food money go further? The new "CP" gas ranges, designed to meet all the economy requirements to wear the "Certified Performance" seal, save food values and food money these six ways.

1 Dual purpose burners permit waterless cooking, preserving valuable food minerals and vitamins.
2 Low temperature oven cookery, with dependable automatic control of heat, reduces meat shrinkage.
3 Cheaper cuts of meat can be prepared by low temperature method—as delicious and nutritious as expensive cuts.

4 Oven heat control takes the guesswork out of baking, does away with the waste of burned food and baking failures.
5 Efficient oven-rack "stops" prevent accidents and waste from food spilling.
6 Smokeless broiler pans do away with grease fires and waste caused by broiler scorched foods.

Visit your dealer and see for yourself the many improvements in the new "CP" natural gas ranges. Start this week to make food money go further, and to get more food value on your table with a "CP" Gas Range in your favorite make. It can help you save food six ways.

THE DAYTON POWER AND LIGHT COMPANY

Dr. Jones To Speak for a United Church

Missionary's Speech
Slated To Be Given
Here September 23

Dr. E. Stanley Jones, spearheading the nation-wide Crusade for a United Church of America, will speak in Grace Methodist Church here at 2:30 P. M., Sept. 23.

Dr. Jones has recently returned from India, where he has been a missionary for 42 years. Last year he spent two months each in Korea, Japan and India. At present, he is spending six months of each year in the East and six months in the United States, conducting the crusade for a united church and a series of Christian missions.

Because of his intimate knowledge of the East and its peoples, the many friends of Dr. Jones will be anxious to hear his message to the churches of America at this critical time in the affairs of the world.

In the last three years Dr. Jones has carried the crusade to 85 cities, to which were drawn church leaders from over 1,500 cities and towns. His 1950 itinerary includes engagements in 30 additional cities and at the conclusion of this tour he will have given his famous address on "The Next Great Step—A United Church of America" to

audiences totaling over 600,000 people.

Rev. Allan W. Caley, chairman of the Washington C. H. crusade committee, has announced that the ministers here as well as nearly 100 others in the surrounding towns are actively supporting the crusade in an endeavor to make Dr. Jones' visit one of the outstanding events of the year in church cooperation. The wide sponsorship of these crusade meetings insures that a cross-section of the religious life of the city will be present to hear Dr. Jones.

First Church of Christ, Scientist
Washington Court House, Ohio
All Are Welcome

Christian Science Lecture Here Sunday

A public lecture discussing how Bible teachings can bring and restore individual usefulness was announced by First Church of Christ, Scientist.

Thomas E. Hurley

Thomas E. Hurley, Christian science lecturer now on nationwide tour, will speak Sunday, in Washington High School auditorium, members of the local group stated.

The lecture, at 3 o'clock, is open without charge to the general public, they said.

Hurley is expected to discuss several healings brought about by Christian Science, explaining in some detail how the healing was accomplished. His subject will be "Christian Science; the Practical

First Baptist Church Meeting

Members of the First Baptist Church will gather on the lawn at the home of Mrs. Robert E. Willis, 622 Van Deman Avenue, Sunday at 12:30 P. M., for a picnic dinner, to be followed by the annual fall planning conference.

The purpose of the meeting is

Way to Health, Happiness and Security."

Hurley only recently completed a three-year term as First Reader of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., which is the largest church of this denomination in the world.

He has been a Christian Science practitioner for many years, having resigned his business connections in Chicago in 1925 to practice Christian Science healing.

His present home is Louisville, Ky.

Thirty-six Ladies Attend Regular Luncheon Bridge At Country Club Thursday

Fall flowers in profusion decorated the lounge at the Washington Country Club on Thursday afternoon, when thirty-six ladies assembled at the regular fortnightly luncheon bridge.

The same flowers in small ar-

rangements were used as the central adornment on small tables seating the guests in congenial groups for a most pleasant luncheon hour.

The afternoon progressive game at eight tables was concluded with the awarding of trophies to Mrs. Frank Reichelderfer, who was the holder of high score, and Miss Mary Barnes, who received second.

Mrs. Reichelderfer of Columbus, and Mrs. Aublin Hedges of Hillsboro, were out-of-town members present.

Hostesses for the afternoon were Mrs. Ronald Cornwell, chairman, Mrs. DeLisle Williams, Mrs. Marvin Thornburg and Miss Ruth Sexton.

Guild Members Complete Plans for Meeting

The Wesleyan Service Guild of Grace Methodist Church will open its year's work with the first regular meeting in Fellowship Hall Monday September 17 at 8 P. M.

The speaker for the evening will be Miss Lucille Holliday, from Mother's Memorial Center in Cincinnati, since the Guild members have selected that Center for their project for the year.

Special music has also been arranged for the meeting.

Christene Evans To Attend Hospital Meet

A full week of activities is in store for Miss Christene Evans, Fayette Memorial Hospital administrator, when she leaves Sunday for St. Louis to attend the American college of hospital administration and the American hospital meetings.

The conventions start Monday, September 17 and last until the following Saturday. Miss Evans will return to Washington C. H. on Sunday, September 23.

PLANT REOPENS

CHILLICOTHE — The Mead Company employees have returned to work after an old oil switch at the plant exploded and cut off power causing a shutdown of the plant.

Once the grids of your waffle iron are seasoned, don't wash them; brush them clean while still hot, then leave the waffle iron open so the grids can cool. If there's grease or batter around the hinges be sure to wipe off.

Circle Members Meet with Mrs. Slagle

Circle 4 of Grace Methodist Church WSSC met at the home of Mrs. Marvin Slagle and her assisting hostess was Mrs. Emmett Mickie. There were twenty-one members and six guests present.

The short business session was conducted by the leader Mrs. Marilyn Riley and Mrs. Dale Wilson was in charge of the combined devotionals and program built around the topic "Religion and Economics" and consisted of an interesting reading, "You In a World Church" by Mrs. Walter Sollars, and Mrs. Wilson read several articles on the subject.

The meeting adjourned and during the social hour the hostesses served dainty refreshments.

Guests included were: Mrs. Stanley Mark, Miss Ethel Slagle, Mrs. William Deakney, Mrs. Charles Hard of Lansing, Mich., Mrs. A. W. Rummans of Oscoda, Mich., Mrs. Della Mark of Oscoda, Michigan.

Elmwood Aid Is Entertained At Coil Home

Mrs. Otto Coil was hostess on Thursday afternoon to twenty-eight members of the Elmwood Ladies Aid and she included one guest, Mrs. Franklin Coil. Mrs. Foster Brunner was devotionals leader and Mrs. Floyd Tracey, president, conducted the brief business session during which the usual reports were given and special reports included 85 calls made during the past month.

The hostesses were in charge of a short program consisting of readings by Mrs. Milo Smith and Mrs. Foster Brunner. Two interesting contests provided additional entertainment and at the close a social hour was enjoyed during which a dainty refreshment course was served by Mrs. Coil and her assisting hostesses Mrs. Milo Smith, Mrs. G. H. Lloyd, Mrs. Foster Brunner, Mrs. Harold Stackhouse and Mrs. C. B. Cox.

Carolyn Walker Feted On Tenth Birthday

Mrs. Lester Walker and daughter Daisy entertained at party honoring the tenth birthday of Mrs. Walker's daughter Carolyn. Games were enjoyed and awards were presented.

Party hats as favors were presented the guests and refreshments of ice cream and cake were served. Small guests included were Patty O'Dell, Margie Smith, Karen and Doris Schiltz, Janet Anderson, Barbara and Patty Jones, Carol Blizard, Mary Jo and Edna May Hoppes, Nancy McFadden, Gloria Knisley, Phyllis Dennis, Nancy Rodgers and Shirley and Eddie Walker.

Personals

Mrs. Charles Hard of Lansing, Mich., and Mrs. A. W. Rummans of Oscoda, Mich., are guests of Mr. and Mrs. Carl Mickie of the Jamestown Road for a visit of several days.

Mrs. Ray Moots returned home Friday morning after a four weeks visit with her sisters, Mrs. Jennie Shaw, Mrs. Ralph Ralston and Mrs. Ray Glaze in Wauseon. Mrs. Glaze, Mr. and Mrs. Frank Glaze and son Lee, motored Mrs. Moots home and will remain for a week-end visit.

Robert Smith of this city, and Robert Boldman of Bloomington, motored to Wilmington Thursday, where Mr. Smith will begin his sophomore year at Wilmington College and Mr. Boldman is enrolled as a freshman.

Mrs. Troy T. Junk, Mrs. Herbert D. Cockerill, Mrs. Harry M. Rankin and Mrs. Stanley Schneider returned Thursday evening from a ten day motoring trip. Among historic and interesting places visited were Charlottesville and Williamsburg and Virginia Beach.

Class Meeting Held At Patton Home

The September meeting of the Queen Esther Class of First Christian Church was held at the home of Mrs. Frank Patton. Mrs. Ned Kinzer Sr. president conducted the business session, which opened with devotionals led by Mrs. Jess Whitmer.

Twenty-seven members responded to roll call and following the usual report plans were completed for a rummage sale on October 13, with the proceeds to be used in redecorating the church.

Mrs. C. B. Tigner, who with Rev. Tigner leaves on Sept. 30 for their new home in Casa Grande, Arizona, was presented with a beautiful personal gift by the members.

During the social hour Mrs. Patton was assisted in the serving of a salad course by Mrs. Mayme Wolfe, Mrs. Nola Stevenson and Mrs. Leo Cox.

They returned through Pennsylvania, Maryland and West Virginia over the Skyline Drive.

Mrs. C. W. McCoy of Douglas, Arizona, is the guest of her sister, Mrs. Ray Bowers and family. While here she will also visit other relatives.

Mr. and Mrs. Everett Milstead daughter Shirley Ann of this city and Mrs. Nellie Coe of Bloomington left Friday to motor to Battle Creek, Michigan where they will attend the wedding of Mrs. Coe's son, Sgt. Roy E. Coe Jr. to Lieut. Jean Stolp of Philadelphia, Pa. Sgt. Coe's father is Mr. Roy Coe of Jeffersonville.

Rev. and Mrs. L. J. Tigner have returned to their home in Peoria, Ill. after a visit with Rev. Tigner's brother, Rev. C. B. Tigner and Mrs. Tigner.

Ronald Thompson, son of Mr. and Mrs. Dan Thompson and Merle Lawson, son of Mrs. Madeleine Lawson of Bloomington, were motored by their parents to Wittenberg College, Springfield, Thursday where they are enrolled as freshmen students.

Mr. and Mrs. John Sidlo, daughter Martha Ann of Cambridge, Mr. and Mrs. Mace McCoy of Columbus are Friday overnight guests of Mr. and Mrs. Ewing Fichthorn of Milledgeville and on Saturday the Fichthorns and their guests will motor to Wyoming, Ohio to attend the wedding of Miss Ann McCoy.

Coy daughter of Mr. and Mrs. Charles J. McCoy. Mr. and Mrs. Sidlo and daughter will return to spend the weekend with Mr. and Mrs. Fichthorn.

Mr. James McCoy of Buena Vista and Mr. Don Woods of this city have returned from Cleveland where they attended the 58th annual convention of the Ohio District Walther League held at the Towne Club.

Miss Marita Craig arrived home Friday to spend two weeks vacation with her parents Mr. and Mrs. Robert A. Craig. Miss Craig is associated with the Southern Railway as a hostess.

Each one padded with new fresh white cotton, thickly insulated with sisal.

Final Tributes Are Paid to Frank Woodland

Frank Woodland

All that is mortal of Frank Woodland rests in the peaceful little cemetery at the edge of Bloomingburg, the village where he was born and started his colorful career that came to an abrupt end while he was at its peak.

Relatives and his old friends in the community where he grew up crowded under the tent out of the soaking rain while Rev. James

Long, his cousin from Nelsonville, conducted the simple but impressive committal service at 2 P. M. Thursday.

He was stricken at his office at the famous Saratoga Raceway, Saratoga, N. Y., Saturday afternoon and died of a cerebral hemorrhage a few hours later in the hospital there.

The man who had started to

carve out an amazing career in the sport harness horse racing as a contributor to the Horse Journal when it was published here years ago had risen to the pinnacle of his chosen vocation at the time of his death. He was generally recognized as the foremost handicapper of harness race horses in the country and held that position at swank Saratoga for 10 years.

As an unusual tribute to him, everything was stopped at Saratoga's night of racing for a memorial service held at the raceway. There, before the hundreds gathered for the evening's racing leaders in the sport paid their respects to the one-time Bloomingburg boy.

Another brief service was held later in Hudson, where his sister, Mrs. Walter Palmer, lives.

The funeral party arrived at Bloomingburg at little before 2 o'clock, on schedule.

At the cemetery, under the gray skies and through the dismal day, his old friends gathered to pay final tribute, too.

The casket was opened just before the start of the service. Afterward, it was lowered into earth beside his mother and father, Mr. and Mrs. James Woodland, lifelong

residents of the community who had died seven and four years ago. After the service, his sister and other relatives received the expression of sympathy from old friends before returning to their homes.

Bloomington Board Accepts Gym Heat Bid

The members of the Bloomington Local School District Board of Education have solved their heating problems, at least temporarily, in connection with the heating of the Bloomington High School gym, now under construction.

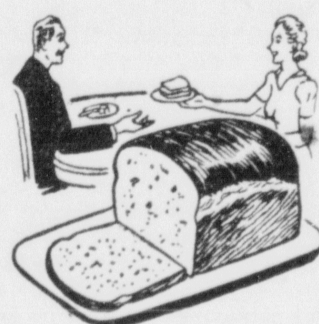

A bid for the installation of a liquid gas heating system was accepted from the Wilson Furnace Co. of Washington C. H., subject to the approval of the architect, John Quincy Adams of Columbus.

Members of the board of education accepted the Wilson Furnace Company's bid of \$2,137 for the installation of four separate units, which will heat the main floor of the gym. Only one other bid was submitted.

Natural gas will be used for

heating the front foyer, dressing rooms and rest rooms in the gym, but Dayton Power and Light Co. officials say that it is impossible at this time for the company to lay the size lines needed to heat the entire gym.

Board members are hopeful of having the gym ready for use during the 1951-52 basketball season, but work is reportedly virtually at a stalemate now.

A hidden ingredient in your country's aerial defense...

is a hidden asset in your county

The flashing jet that's a symbol of America's aerial defense is created with the help of natural gas. The finished airplane shows no visible signs of the hot gas flames that are needed to make its special metals, its radar, its radio, its machine guns and its tough, outer skin. The hidden ingredient of natural gas is there, however. It goes into the building of tough fighting machines whose striking power is needed in our defense against aggression.

Here in your county, hidden underground, are Texas Eastern's pipe lines that carry natural gas for your country's aerial defense. Although hidden, they produce visible benefits in your county. Because they are owned and operated as a private enterprise, the lines have brought additional income to the county in taxes, purchases, and payrolls. They have also brought another asset in the form of the "good citizenship" of their employees.

SERVING THE NATION

Let's Shake Hands with God's Friends

Sunday School Lesson

By ROY L. SMITH

Church quarrels and religious differences are not something new. They have appeared in the Christian church within five years after it got under way, and some serious splits were averted during that first half century by the Christians agreeing to work together in spite of their differences.

Gentiles Once a Problem

Christianity started out as a movement inside Judaism. All the Christians were Jews who obeyed all the Jewish ceremonial laws and rites.

Then Gentiles, moved by the story of the life, teachings, and person of Jesus of Nazareth, began knocking at the door of the church seeking membership. Everybody was in favor of admitting them, but the strict Jewish believers among the Christians insisted that they must first become Jews in order to be Christians.

This is an easily understood concern. Those Jewish Christians had been trained all their lives to believe that God was going to save the world through the agency of the Jewish nation. It was for this very purpose that the Jews had been preserved through all the centuries. Now, if all the ceremonial purity and "holiness" of the Jew, which had been achieved at such a cost, was to be tossed lightly aside, where would this "liberality" end? Surely, they said, it is not asking much that the Gentiles should become Jews.

Antioch, the Hot Spot

In the Asia Minor city of Antioch the church had filled up with Gentiles. The new converts were living highly respectable lives, and in all practical matters they were a credit to the church. But visitors from Jerusalem had reported back to the mother church that they had not submitted to the Jewish rites. The Jerusalem Jewish Christians wanted to welcome them into the fellowship, but how could they surrender their life-long convictions to do so?

But the issue had to be met in Antioch. If it were allowed to go by default there, it would soon appear — perhaps in a virulent form — in half a hundred other places over the earth. The solution that worked out for Antioch must be one that could be applied universally.

Each Conceded Something

In the conference held in Jerusalem, at which Antioch was well represented, a settlement of the problem was worked out on the basis of concessions on the part of all parties.

The Uniform Sunday School Lesson for September 16: "The Larger Fellowship of Christians," Luke 9:49-50; Acts 11:22-30; 15:1-35; 1 Corinthians 1:10-13; II Corinthians 9:1-5; Philippians 1:15-18.

The Jews agreed that they would not insist upon obedience to the ceremonial law, and the Antiochians agreed that they would adhere to an abstemious and strict manner of life, completely aloof from the paganism with which they were surrounded.

One has the feeling, as he reads the story of this Christian solution of an age-old problem, that the same spirit applied to the life of the modern church would save a vast amount of divisiveness which is the shameful sin of the Christian world.

Narrow Roads, Longer Snakes

Two friends became engaged in a violent argument one day over rattlesnakes. One of them declared that he had killed many a snake that stretched clear across the road. The other loudly declared that rattlesnakes did not grow that long. Then it developed that the short-snake disputant was thinking of the prairie rattlers and the wide wagon roads of the west, while the other was thinking of narrow roads through the logging camps and the long rat-

tlers of the woods. As one man lengthened his idea of a snake and the other widened his idea of a road, they gradually began coming together.

There could be a great coming together of Christians if all were willing to concede a little, change concepts a trifle, and the content with emphasizing the great major fact of Christlikeness in daily living.

Church of Christ Here Is Renovated

A renovation program on the exterior of the South Side Church of Christ has been completed, with the application of the second coat of white paint to the edifice this week.

Rev. John Puckett, pastor, said some work was also done in repairing six windows in the structure.

The painting was done by Frank Creamer, one of the trustees of the church, and two other painters. Creamer did his work without charge.

Last year considerable work was done by volunteers on the parsonage, located next door to the church.

The minister, Rev. Puckett, has been on his present job for three years. During this period of time, 47 additional members have been added to the church rolls.

15 More Counties In Drought Area

WASHINGTON, Sept. 14 —(AP)—The agriculture department today added 15 Ohio counties to a "disaster area" in which it will make emergency loans to farmers.

The counties: Champaign, Auglaize, Clark, Delaware, Guernsey, Mercer, Shelby, Union, Franklin, Belmont, Darke, Miami, Madison, Licking and Logan.

Thirty Ohio counties were previously designated on Sept. 4 as a disaster area set up because of serious drought damages.

Farmers unable to get loans

Employment at Highest Peak Since the War

Job Placements Up Here; Claim Payments Decline

Facts and figures in the employment office here indicate one of the healthiest employment pictures since World War II.

There are more jobs and fewer lay-offs than, in any period since the war, reports of Ward Miller, manager of the employment office, show.

Placements in jobs during August totaled 193, the highest figure since the booming war years.

Miller estimates that this is some 32 percent above the placements of last year. He said he is extremely pleased with the fine way businesses and industries of this city are cooperating in calling on his office for workers.

Another sign of the favorable employment picture are reports showing that during July of this year only \$2,099.50 was paid out in unemployment compensation compared to \$17,234 in July of 1950.

Claims for the checks dropped from 64 initial claims in July of 1950 to 35 during July of 1951, and from 948 continued claims (where workers keep coming back for their checks) to 127 during July of 1951.

Placements in jobs during July totaled 135, of which 68 were agricultural workers. There were 132 placements during July of 1950, of which 52 were agricultural workers.

elsewhere may get them from the department's Farmers Home Administration to carry on farming operations.

American Casualties

WASHINGTON, Sept. 14 —(AP)—The Defense Department today identified 74 additional battle casualties in Korea. A new list (No. 396) reported 18 killed, 42 wounded, four missing in action and 10 injured in combat area accidents.

Additional Society

(Continued from Page Six)

LWV Members Plan Meeting At Craig Home

The League of Women Voters of Fayette County will hold a meeting at the home of Mrs. Paul S. Craig on Monday afternoon September 17 at 2:30. The legislative committee—Mrs. Craig, Mrs. John P. Case, and Mrs. Ansel Kirkpatrick—has prepared an entertaining and instructive program.

This committee is mindful of the fact that ours is a representative form of government. Every intelligent citizen of voting age is supposed to have a part in selecting its officers and making its laws. Yet in Fayette County only a little more than a third of the qualified voters regularly go to the polls to cast a ballot. The stay-at-homes have no part in the choice of public officials and the making of the laws under which we are governed. Most of the criticism of today comes from non-voters.

The League of Women Voters is making a strong appeal to all women to be less neglectful and better informed on public affairs.

DAR Meeting In Georgetown Is Announced

The Southwest District meeting of the Olive Daughters of the American Revolution will be held September 18 at the First Presbyterian Church in Georgetown and will open at 10 A. M. with the Taliaferro Chapter as hostess.

The meeting will be presided over by Mrs. George P. Campbell, district director.

State Regent Mrs. Earl B. Padgett, of Galion, State Vice Regent Mrs. Ralph O. Whitaker of London, State Historian Miss Charlene Mark and Mrs. Harry M. Rankin of this city, will be in attendance.

Those planning to attend from William Horney Chapter, Jeffersonville, includes the Vice Regent, Mrs. Frank Marshall, Chaplain Mrs. R. N. Agle, Treasurer Mrs. A. E. Kemp, Mrs. John Robbins and Mrs. J. D. VanGundy.

Gas in electric light bulbs is below atmospheric pressure when the bulbs are cold, but when they heat up the gas expands and the pressure is about that of the atmosphere around the bulb.

It is not necessary to be a member of the league to come to the meetings and lend a voice of intelligence and experience to the problems of our cherished way of life. All are invited.

Are you a voter, or a non-voter?

There is only one cable between the U. S. and Asia.

Maxine Gilmer Entertains 70 At Fish Fry

Miss Maxine Gilmer was hostess on Thursday evening to the members of the White Oak Grove WSCS and their families at a fish fry in the basement of the church Thursday evening.

Seventy guests were seated at long tables for the serving of the delicious fish and accompanying delicacies and decorations were carried out in a clever picnic theme by the hostess.

Following a congenial hour around the tables informal visiting was enjoyed and members of the society held a brief business session during which plans were made for a supper for the children of the church on September 26. Miss Gilmer was assisted during the evening by her mother, Mrs. Martin Gilmer.

Atomic Bomb Spotter Is Developed for U. S.

SYRACUSE, New York, Sept. 14 —(AP)—An atomic bomb spotter, named the Radiation Lampshade, was announced by the General Electric Company today.

It is a small robot which will tell civil defense workers just how high up and where an A-bomb exploded in their area. This is essential information in directing

rescue parties to places where there may be some lingering radioactivity.

Reducing Aid

NEW YORK —(AP)—For reducing aid, a food tablet depresses the taste buds on the tongue, to cut desire for food in obesity due to over-eating. It's taken before meals. (Trade-name: Wafex, Inc., N.Y.)

REMOVAL SALE

HEARING AID WITHOUT DANGLING CORDS DESCRIBED IN NEW BOOKLET

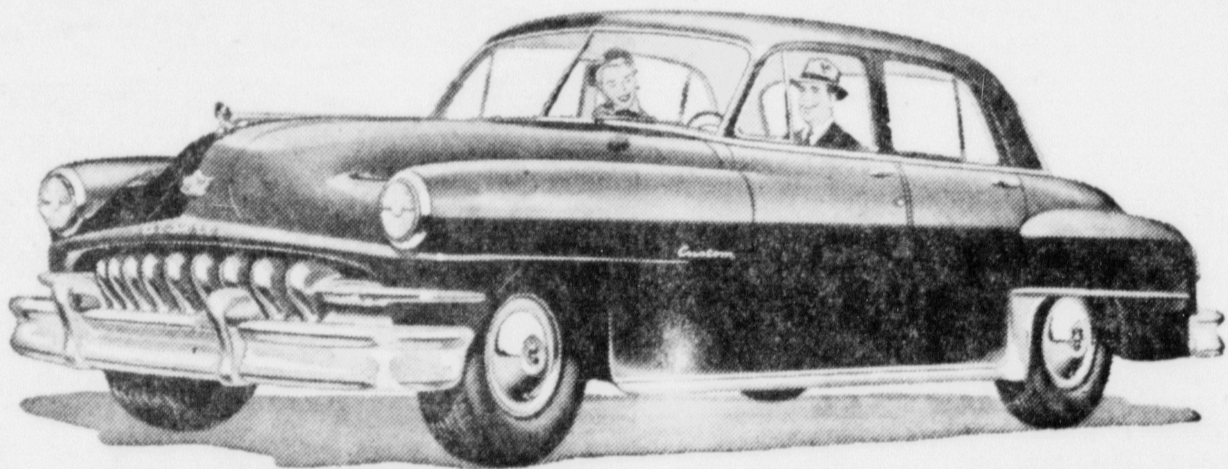

Welcome news to women who are hard of hearing is the development of an electronic hearing aid that does away with the familiar cord running up the neck of the wearer. No showing button is required in the ear either.

The laboratories where this new hearing aid was perfected have recently published an explanation of the invention in booklet form. This booklet is free and for the benefit of the public.

According to the publishers women can now wear strapless evening gowns even swim suits, without the hearing aid being visible. For the first time they have completely free movement of arms and body because of no dangling wires.

In efficiency, this new electronic hearing aid is said to be superior to other types of aids, even those of the most modern sort.

The creators of this new achievement will be happy to send you—without cost—this new booklet. Better yet, you will be allowed a FREE home try-out! Just send a penny POST CARD—or phone ADAMS 3736—to Acousticon, Dept. C 211 Kresge Bldg., State & High Sts., Columbus, Ohio.

No other car rides like a DESOTO

No other car gives you more new beauty

No other car is a better "buy" for features

Two Fayette County Horses To Go in Pacing Classic

Floating Dream,
Ambrose Hanover,
Carry Ohio Hopes

By FRITZ HOWELL
DELAWARE, Sept. 14 (AP)—
Drippings from the \$65,000 Little
Brown Jug!

Next Thursday afternoon, at the Delaware County Fair's half-mile track, the richest pacing race in history will be held. It's the third Little Brown Jug for three-year-olds, and a crowd of close to 30,000 will watch as 14 to 18 starters go after the gold and glory.

The "Jug" is the feature attraction of the Tuesday-Friday grand circuit session which offers more than \$100,000 in purses. Among the non-Jug stars to appear is Mainline, winner of the recent \$95,000 Hambletonian, who goes in the \$6500 Old Oaken Bucket purse closing day.

Ohio's hope in the Jug will ride on the flying legs of Floating Dream, the 1950 pacing queen, world record holder as a two-year-old, is owned by McKinley Kirk of Washington C. H., and brothers Harry and Robert Valley of Waverly. Kirk, one of the country's best, will be in the sulky.

E. J. Baker, owner of the world's fastest trotter of all time, Greyhound 1:53, will send Ableway, bay son of King's Counsel, after the Jug. Greyhound won the Hambletonian in 1935, at which time young Jimmy Wingfield was groom to the wonder horse. Now Jimmy is quite a driver, and he'll be up behind Stanton Hal in the Jug. Stanton Hal is a good one on the twice-around ovals, having gone in 2:04, 2:03 3/5 and 2:04 in consecutive heats.

One of the drivers getting attention is Eddie Havens. Back on the tracks after a four-year stint operating an eastern hotel, he goes after the Jug laurels with Ambrose Hanover, owned by the J. & M. Stable of Washington C. H.

Dwain Miller, the young Meadowslands, Pa., trainer and driver, has three stars from which to pick his Jug favorite. He won the Jug a year ago with Dudley Hanover and led the standardbred drivers with winnings of \$306,813. And this time he has Tar Heel, Direct Rhythm and Solicitor at his beck and call. Tar Heel, Black Colt by Billy Direct, holds the record of 1:59 4/5 for his age and gait, and Direct Rhythm, bay son of the same sire, has a mark of 2:01 1/5. Solicitor, a King's Counsel black colt, has a 2:02 mark for a half-time oval—an impressive figure since the other two were made on mile tracks. Tar Heel hasn't won on a half-mile track this season.

Easy Frank Ervin, quiet-spoken driver from Sedalia, Mo., who won in 1949 with Good Time, is the only former winner missing from this year's field. And he may get a "catch mount." Wayne (Curly) Smart of Delaware, winner of the 1946 feature with Ensign Hanover, will pilot Waybill, 1947 victor. Del Cameron will drive either Worthy Pal or Tar Heel; and Frank Safford of Keene, N. H., 1948 winner, has his choice of Grand Knight, half brother of the former victor Knight Dream, or Gay Sadie, for this year's classic.

Tighter Control over Racing By State Proposed as Result Of Tail-tying Investigation

COLUMBUS, Sept. 14 (AP)—The State Racing Commission should hire, pay and assign stewards at horse racing meets, says Atty. Gen. C. William O'Neill.

At present, the commission designates stewards, but the tracks pay them.

The recommendation of the attorney general yesterday followed a commission hearing last Monday when complaints were heard against racing practices at the Hamilton Fairgrounds racing meet.

George T. Becknell had appealed from his suspension for charging that an assistant starter had tied the tail of one of his horses to the starting gate at Hamilton.

Becknell was suspended, said Hamilton Steward Tom Sanford, for charging "crooked racing" and "incompetent" officials.

Robert O. Read of Columbus, Becknell's attorney and president of the horsemen's Benevolent and Protective Association, criticized operation of Ohio's race tracks at the hearing, saying at one point:

"I think our stewards think they work for the racing associations instead of the racing commission."

O'Neill, in his opinion to the

commission, noted Read's criticism, and said stewards actually are hired and paid by the racing associations conducting the races.

The attorney general told the commission it has authority to change that practice, and recommended that it do so.

O'Neill said he acted because his office would be obliged to represent the racing commission in any court action resulting from the investigation of the Hamilton track.

College Prexy Resigns over Sport Scandal

WILLIAMSBURG, Va., Sept. 14 (AP)—A month-old sports scandal at the College of William and Mary has resulted in the resignation of the college president, Dr. John E. Pomfret.

The 52-year-old educator announced last night he had submitted his resignation "in the best interests of the college," which he had headed for almost 10 years.

The announcement came less than a week after the W&M board of visitors had publicly rebuked Pomfret's administration for alleged failure to deal with the blossoming scandal promptly and adequately when it was first discovered early this year.

Pomfret's was the third resignation to result from an investigation which, the board said, revealed that the transcripts of several high school athletes had been altered to make them eligible for enrollment at William and Mary. The board also found that certain athletes had been given credit for work they did not perform in physical education classes.

Indians Hang on But Giants Skid

Yankees Trowned
As Cleveland Loses

BY RALPH RODEN
(By The Associated Press)

New York's prospects of a tenth World Series are not so bright today.

The Brooklyn Dodgers, streaking six games a head in the National League, are just about "in," but the New York Yankees are showing signs of cracking up in the American League scramble.

The Yanks have played horrible baseball of late. It began on Tuesday when they dropped a double header to the tail-end St. Louis Browns. The Yanks rested Wednesday, but the layoff did them no good.

Virgil Trucks and the Detroit Tigers turned back the Bombers, 9-2 yesterday. However, the Yanks remained one game back of the front-running Cleveland Indians, who dropped a 1-0 decision to the Senators in a night game at Washington. The third place Boston Red Sox took advantage of the Yankee and Indian defeats, beating St. Louis, 5-4, in ten innings to climb within 3 1/2 games of the top.

BROOKLYN PULLED six games ahead of second place New York without lifting a bat. The Giants dropped a 6-4 decision to the St. Louis Cardinals in a unique day-night double header. The Cards lost the night portion of the twin-bill to Warren Spahn and the Boston Braves, 2-0. Spahn allowed only one hit—Al Brazier's sixth inning single, in posting his 20th victory.

The odd twin bill at St. Louis came about when the Cards' game with the Giants was rained out Wednesday. In order to get the game in, the Cards scheduled it for yesterday afternoon as they previously had arranged to meet the Braves at night in a playoff of another postponement. The three-team attraction was the first in the majors since the 1880s.

Record Broken As Pronto Don Wins Big Trot

WESTBURY, N. Y., Sept. 14 (AP)—The jinx of no horse winning the \$50,000 Roosevelt two-mile trot two successive years finally was broken by Pronto Don with a world record performance.

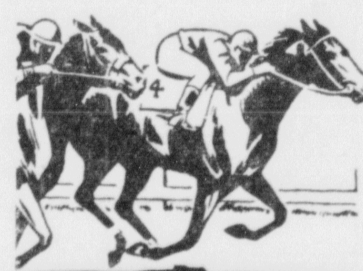

The great six-year old trotter from the Hayes Fair Acres stable of Du Quoin, Ill., stepped the two miles last night at Roosevelt Raceway in 4:10 4/5 to become the first horse to win the rich event twice.

Chestertown won the inaugural 1947 but the following year trailed Proximity, world's leading money winning harness horse recently retired. But in 1949 Proximity bowed to Demon Hanover, the 1948 Hambletonian winner.

Pronto Don beat out Demon Hanover last year and repeated the victory last night to pick up

the purse of \$22,500. Star's Pride was third.

The remarkable thing about the race was the time. Under the handling of Bennie Schue of Grand Forks, N. D., Pronto Don clipped more than six seconds off the old world mark of 4:17 made by Proximity in winning the 1948 renewal.

DUROC BOAR & GILT SALE!

THURSDAY SEPT. 20

— 1:00 P. M. —

Fairgrounds — Washington C. H.

As the "early bird gets the worm," we suggest that you buy your Duroc needs early in the season, so they may get use to their new feed and quarters before the breeding season.

We are offering hogs designed to make money in commercial hands. They are healthy, rugged, and ready for new homes. We believe this group of Durocs will both satisfy our many old customers and make our "first-time" customers glad to return to "Owen's" for more good Durocs.

Euclid Boy Signed For Red Farm Team

CINCINNATI, Sept. 14.—(P)—John Merza, an 18-year-old right-hander who hurled two no-hitters for Euclid, O., high school, signed a contract yesterday with the Cincinnati Reds.

He will report next spring to the Reds' farm club at Ogden, Utah, in the Pioneer League.

Merza has been pitching semi-pro ball in Akron during the summer. He played on the Ohio University freshman team last spring.

Substitute for Tin Has Been Developed

WASHINGTON, Sept. 14.—(P)—A newly developed substitute for tin, a vital defense material not produced in this country, was announced yesterday by RFC Director W. Stuart Symington.

The new product, a blend of plastics with aluminum foil, was developed by the Reynolds Metals of Richmond, Va. Symington said production is starting immediately and all the output for some time will be taken by the armed services.

Europe's weather is generated in the Iceland area.

College Football Ready for Start

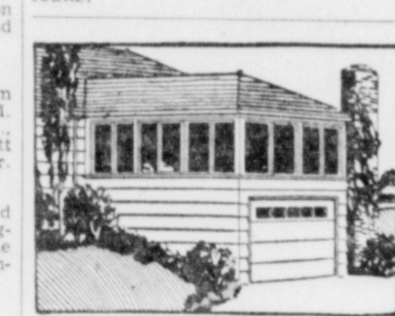

CINCINNATI, Sept. 14.—(P)—Ohio's major college football program opens here tomorrow night when Sid Gillman's University of Cincinnati Bearcats meet the Keydets from Virginia Military Institute.

Some 20,000 fans are expected at Nippert Stadium to see the two teams clash for the first time.

Another rough and tumble contest is on tap Sunday night when Xavier's Musketeers take the field here against the Quartico Marines.

Other games involving Ohio colleges over the weekend include Davis and Elkins at Toledo and Central College (Wilberforce) at North Carolina A. & T. tomorrow night.

Because of differences in elevation, New Mexico has climates comparable to the lower Hudson Bay area and to that of New Orleans.

Yellow Springs Group to Offer 'Born Yesterday'

YBM To Sponsor Legitimate Play Here Nov. 14

Residents of this city and surrounding area will have their first opportunity in years to see a professional group present a legitimate play here at 8:15 P. M., November 14.

On that date the Yellow Springs Area Theater Group will present the popular Broadway hit of a few years ago, "Born Yesterday," which brought Judy Holliday the Academy Award when made into a movie.

The presentation will be under the sponsorship of the Young Business Men's group of Washington C. H., and all the net proceeds will be earmarked for some project of civic betterment in this city.

Arrangements for the play presentation were made Thursday night with Arthur Lithgow, associate director of the area theater. A committee of YBM members, including Richard Patton, Don Murdock, Hal Summers and Perse Harlow, met with Lithgow to make the arrangements.

Lithgow told the committee that he would inform his cast about the date of the play, and he indicated that rehearsals would start in the near future.

The associate director said that the cast is made up of residents of the Yellow Springs area. Students at Antioch College may perform some of the extra parts, but professional actors and actresses who have appeared before audiences in the East and in this part of Ohio will take the leading roles.

Lithgow has recently returned from Martha's Vineyard in the East, mecca for little theater groups. While there, a group under his direction presented several current Broadway hits, and several members of his Yellow Springs group took part.

"Born Yesterday" had a run on Broadway for at least a couple of seasons. Written by Garson Kanin, the action takes place in three acts. Arrangements have been made for the play to be presented in the Washington C. H. High School auditorium.

Runaway Boy Picked Up by Police Here

David Hamilton, 14, of Washington, Pa., who ran away from home a few days ago, was picked up by the police here Thursday night. He is being held until transportation can be provided to return him to his home.

His widowed mother is on relief, officers said, and has no funds for return of the youngster. Relief authorities at Washington, Pa., have been asked to assist.

MRS. MARGARET COLLOPY HAMILTON—Services will be held Saturday at St. Mary's Church for Mrs. Margaret Collopy, 79, who died Wednesday.

Heaviest Rain In Months Is Recorded Here

The drought in Fayette County has definitely been broken by the series of rains recently, and particularly that of Thursday, when a total of 1.08 inches was recorded here.

Apparently the rain was general throughout the county and this part of Ohio, with even more precipitation in some areas and somewhat less in others.

Not in many months has so much water fallen as during the heavy downpour shortly after noon Thursday. Storm sewers were inadequate to carry off the tremendous amount of water which fell within a short time.

The soaking rains, coming on top of a good rain during the past few days, caused streams to flow freely, so that fish life was assured of ample water once more.

The ground was soaked thoroughly, doing much toward reviving crops which were not too matured, and giving additional life to pastures, with indications that fall pastures will be revived sufficiently to afford late feed for livestock.

The mercury, which did not drop below 70 Wednesday night, reached a peak of 84 Thursday, and dropped to 44 during the night.

Funeral Arrangements For David Morris Made

There has been a change in plans in the funeral arrangements for David Earl Morris of Sabina, who was killed in a highway accident Wednesday afternoon.

The Littleton Funeral Home of Sabina, which has charge of the funeral, announced that friends of Mr. Morris may call at the funeral home any time after 7 o'clock Friday evening (tonight) instead of calling at the home as was originally announced.

College Students Are Still Draftable

WASHINGTON, Sept. 14—(AP)—College students will continue eligible for draft deferments during the coming academic year.

In announcing this yesterday, Assistant Secretary of Defense Anna Rosenberg said, however, the program may have to be "tightened up" when military manpower needs the bottom of the barrel in the following year.

It is estimated that about 1,000 U. S. children lose the sight of an eye each year because of play with dangerous toys.

Health Program For Schools Is Outlined Here

Some Reduction of Work Because of Shortage of Nurses

A reduction in the nursing staff of the Fayette County health department has caused a curtailment in some of the services offered the city and county school children, according to Dr. Gordon Savage, health department head.

The main phase which is being dropped, due to the shortage of nurses, will be the routine inspections of children in the sixth and eleventh grades.

In a letter to the school boards, Dr. Savage listed six phases of the health program for school children, which the department hopes to complete. The city school board expressed favor with the program submitter.

Physical examinations, including vision and hearing tests, will be given to those children in the first grade who failed to have examinations during the pre-school clinics last spring.

The examinations will also be given to those children referred to the department by their teachers and children who have moved into the county and are in the city or county system for the first time.

Sometime during the year students in the fifth, sixth, seventh and eighth grades will have their hearts checked by the health department. Tuberculin testing of children in the ninth and tenth grades will also be done by the board, and an X-ray survey of the children in the eleventh grade will be undertaken.

The program for the year also includes miscellaneous inspections and first aid by the physician and nurses when the need arises. The first aid does not include such things as setting broken bones.

Routine nursing visits will be made when time permits, but with only two nurses on the staff at the present time instead of the allotted four, this phase will also probably be cut to some extent.

Work on the immunization of new pupils who have not been immunized before is already under way. Permits from the parents

The Old Home Town

By Stanley

of the children authorizing the immunizations are being collected and the actual immunization will probably start sometime during the later part of the month.

If during the year another nurse is hired by the health department, a revamping of the schedule would probably include additional surveys, such as dental examinations.

Tractor Damaged By Fire Friday

A farm tractor owned by Leslie Leeth of the Green Road was damaged by fire Friday morning, when the gasoline tank was run over while the tank was being filled, with the motor running, firemen said.

The Bloomingburg Fire Department responded to a call for assistance and Chief Lawrence Mickle and others of the department extinguished the fire.

The fire was near the Fayette-Madison County line, and necessitated an eight-mile run by the fire truck.

Farm Brings \$228 An Acre at Auction

Selling at public auction at the court house Friday morning at 11 o'clock, the Mrs. Lily B.

Two Auto Drivers Without Licenses

Police picked up a number of traffic law violators over Thursday, and all were cited to appear in police court Friday.

Herbert Borders was picked up for not having an operator's license and he posted \$25 bond.

Homer Glen Garinger, Washington C. H., also was found to have no operator's license when he was questioned following an accident on Columbus Avenue. He furnished \$25 bail.

Three men were arrested for running red lights. One was Ellsworth A. Kroger, Cincinnati, who went through a red light at East-side School. Another was Herbert Borders, Springfield, who ran a red light at North and Temple Streets, and was also cited for not having a driver's license.

The third red light violator was

Herman Rockey, Springfield, Mich., who posted \$10 for his appearance.

the grand jury on a second degree manslaughter charge.

AUTO ACCIDENTS COST MORE TODAY

In two years time the annual automobile accident bill has almost doubled. It costs more to fix crumpled fenders and to patch up broken heads. More people, driving more miles, at higher speeds produce more accidents. To pay the bill you will have to "dig deeper" if you have no insurance on your car. Why take that chance?
